**Dr. Kurt Johansson**

**Fasanvaegen 32**

**141 72 Segeltorp, SWEDEN**

\* ITMA's goal is to embrace the entire world, which contains countries with widely varying economic conditions. Also, individual circumstances vary greatly. Accordingly, two special membership dues categories are available. Please sign below if you are eligible for one of these and wish to use it. (All members enjoy all member benefits).  
 Total annual Income from all sources under \$20,000, Dues Category J, \$45 per year. Signature \_\_\_\_\_  
 Total annual Income from all sources under \$10,000, Dues Category K, \$15 per year. Signature \_\_\_\_\_

ITMA dues were set at \$85 to present as low a barrier as we could to encourage participation by the widest possible range of occupations from all nations. However, everyone is encouraged to add a voluntary additional contribution to support the goals of the organization; members accustomed to substantially higher professional society dues are particularly encouraged to consider increasing their total ITMA dues closer to levels with which they are more familiar.
